Subject: RE: Update - DuPont

Hi Everyone,

I checked the schedules for my Division Director and for our Acting Regional Administrator, Bob Kaplan. They are as follows:

R5 Water Division Director, Chris Korleski: Chris will be in all week this week except for Friday. Next week Chris will be in on Tuesday and Thursday. The first week of January Chris will be in on Tuesday, Wednesday, and Thursday. However, if he is not in, Branch Chiefs have been appointed to act as the Deputy Director (as the Deputy will be out of the office

starting this Friday until January 9) and I am guessing Chris will let them sign it as long as he is aware of it, but I will check.

R5 Acting Regional Administrator, Bob Kaplan: Bob will be in all this week and all next week. His administrative assistant does not know his schedule for the first week of January yet.

Thank you,
Jenny

Subject: Update - DuPont

Importance: High

Hi Team – I spoke to Mike this morning and he confirmed that DuPont is okay with the language we negotiated last week regarding **Ex. 5 AC/AWP/DP**. We have reached an agreement in principle with the parties on the language in the Amendment, but I need to send this draft to Mike ASAP to ensure we are in fact in agreement on the language before we can start the Amendment through sign-off. **Please let me know ASAP this morning if you have any concerns with the attached draft Amendment before I send to Mike.**

Here are some follow-up items for the team:

Ex. 5 AC/AWP/DP

Ex. 5 AC/AWP/DP

- I indicated that EPA would like to have draft final documents (Amendment, SOW, and Model Water Treatment Plan) by the end of this week to solidify an agreement in principle, so we need all hands on deck to review and finalize any further edits to the SOW and MWTP by Friday.
- Mike indicated a strong preference for delaying signatures and execution of the order until after the holidays (January 1st) as next week will be difficult with vacation time in the mix. I need to know from R5 and from R3 whether it's feasible to have the Amendment signed next week, or if we are likely looking to the week of January 1st for signature.

I'm going to set up a team call for late tomorrow morning to go over where we are and what needs to happen next.
Thanks-Jacquie
